7. Mrs. Lewis of the office of Richard Arens of the House Committee on Un-American Activities called to inquire if we could make available to the Committee for internal use Intelligence Memorandum No. 438 dated November 9, 1956, concerning illegal opium trade. This matter is being checked and HCUA will be advised.

8. Mr. McAfee of the Department of State called in connection with a letter from the Department to Congressman Ray about intelligence failure in Iraq and other areas. McAfee had been in touch previously on this and a subsequent letter was forthcoming from Ray asking for more details. I advised McAfee that the Director had briefed the Senate Foreign Relations Committee on the 29th of July of this year and also briefed the House Foreign Affairs Committee on 5 August 1958 on the Middle East situation. McAfee thought that with this information he could deal with Congressman Ray.

9. Picked up from Congressman Alfred D. Sieminski (D., N. J.) five files in connection with John Murphy's report on conditions in Egypt. They will be sent to [redacted] for review and then will be returned to the Congressman's office.
